

वैश्विक नाभिकीय ऊर्जा साझेदारी केंद्र
Global Centre for Nuclear Energy Partnership

Global Centre for Nuclear Energy Partnership (GCNEP), Department of Atomic Energy (DAE), Government of India, is committed to the development and use of modern technology for the promotion of education & training. It further believes in enhancing the availability of effective resources to the rural and educationally deprived area to improve the access and quality of education.

Under the Entry Point Activities (EPAs) for the promotion of education and training, GCNEP has agreed to support education in the neighboring area by contributing Rs.1.50 Crore as DAE's share towards setting up of a Government Girl's College at Village Jasaur Kheri, Tehsil Bahadurgarh, District Jhajjar, Haryana.

The college is being setup by Higher Education Department, Government of Haryana. Higher Education Department is responsible for supporting educational efforts at higher level in the State of Haryana.

Public Works Department (Building & Roads) [PWD (B&R)], Government of Haryana, is responsible for the construction of the college building.

The three parties have agreed to work jointly towards setting up of this college. In this regard, a MOU (Memorandum of Understanding) was signed between GCNEP, DGHE & PWD (B&R) on 17th January 2015 at Bahadurgarh (Haryana).

Signing of the MOU on setting up of Government Girls College at Village Jasaur Kheri, Bahadurgarh, Haryana

Ongoing construction activities at site for Government Girl's College, Jasaur Kheri, Bahadurgarh, Haryana
